Overview

Frontend Engineer specializing in Next.js, React, and TypeScript. Built SaaS platforms, implemented real-time features, and optimized application performance. Experienced in authentication systems and performance optimization. Proficient in full-stack development with Node.js, Express.js, and MongoDB.

Skills

- Next.js, React.js, React Native, Expo, TypeScript, JavaScript (ES6+), Context API
- TailwindCSS, Shadcn UI, Framer Motion
- Node.js, Express.js, RESTful APIs, MongoDB, JWT, Git

Experience

Associate Software Developer - AGF Tecnik | Tanjore, India 05/2025 – Present

- Built frontend for an AI agent management platform using Next.js, TypeScript, and Shadcn UI
- Implemented role-based authorization with admin workflow management and share hierarchy controls
- Developed landing page and price analyzer dashboard using Next.js, TailwindCSS, and Framer Motion
- Mentored Freshers on developing invoice management, HRMS, and project management tools.

Frontend Engineer - Gym Force | India 09/2024 – 04/2025

- Developed SaaS platform serving gym organizations with subscription-based authorization for multi-level user access.
- Implemented PWA, Web-socket notifications and Razor-pay payment integration.
- Optimized performance through best practices like lazy loading and code-splitting.

Frontend Developer – Intern - Gym Force | India 06/2024 – 09/2024

- Developed dashboard, user and plan pages for gym member management using Next.js, Typescript, and Tailwind-CSS
- Implemented Authentication with JWT and Google OAuth authentication using Context to Authorize users across the pages

Next.js Developer – Intern - Achintya Solutions | India 03/2024 – 06/2024

- Built real-time web applications and landing pages using Next.js, Typescript, and Tailwind-CSS.
- Gained production experience with Next.js App Router and server-side rendering.

Freelance Web Developer - Self-Employed | India 10/2023 – 01/2024

- Delivered web applications using MERN stack and React.js with TailwindCSS for clients.

Full Stack Developer – Intern - Virtusa | India 05/2023 – 08/2023

- Trained in React.js and Spring Boot development following agile workflows and Git version control.

Education

Bachelor of Engineering – Electronics and Communication Engineering (ECE) 08/2019 – 04/2023

KPR Institute of Engineering and Technology | Coimbatore, India
