Overview

Frontend & Mobile Engineer specializing in Next.js, React, React Native, TypeScript, and TailwindCSS. Built multi-tenant SaaS platforms, AI application frontends, and on-device biometric authentication systems using TensorFlow Lite. Experienced in real-time features, performance optimization, authentication systems, and payment integration. Proficient in full-stack development with Node.js, Express.js, and MongoDB.

Skills

- **Frontend:** Next.js, React.js, TypeScript, JavaScript (ES6+), TailwindCSS, SCSS, Shadcn UI, Framer Motion, PWA
- **State Management:** Context API, Zustand, React Hooks
- **Mobile:** React Native, Expo, react-native-vision-camera, JSI Worklets
- **AI/ML:** TensorFlow Lite, GhostFaceNet, On-Device ML, Vector Embeddings
- **Backend:** Node.js, Express.js, RESTful APIs, MongoDB
- **Auth:** JWT, OAuth 2.0, Role-based Access Control (RBAC)
- **Tools:** Git, GitHub, Docker

Experience

Associate Software Developer - [AGF Teknik](#) | [Tanjore, India](#)

05/2025 – Present

- Built frontend for an AI agent management platform using Next.js, TypeScript, and Shadcn UI
- Developing a high-performance on-device React Native face recognition app using TensorFlow Lite and Vision Camera worklets for real-time AI inference with local SQLite storage via Drizzle ORM .
- Implemented role-based authorization with admin workflow management and share hierarchy controls.
- Developed landing page and price analyzer dashboard using Next.js, TailwindCSS, and Framer Motion.
- Supported junior developers on internal projects including Invoice Management, HRMS, and Project Management frontends.

Frontend Engineer - [Gym Force](#) | [India](#)

09/2024 – 04/2025

- Developed SaaS platform serving gym organizations with subscription-based authorization for multi-level user access.
- Implemented PWA, Web-socket notifications and Razorpay payment integration.
- Optimized performance through best practices like lazy loading, memoization and code-splitting.

Frontend Developer – Intern - [Gym Force](#) | [India](#)

06/2024 – 09/2024

- Developed dashboard, user and plan pages for gym member management using Next.js, Typescript, and Tailwind-CSS.
- Implemented Authentication with JWT and Google OAuth authentication using Context to Authorize users across the pages.

Next.js Developer – Intern - [Achintya Solutions](#) | [India](#)

03/2024 – 06/2024

- Built real-time web applications and landing pages using Next.js, Typescript, and Tailwind-CSS.
- Gained production experience with Next.js App Router and server-side rendering.

Full Stack Developer – Intern - [Virtusa](#) | [India](#)

05/2023 – 08/2023

- Trained in React.js and Spring Boot development following agile workflows and Git version control.

Education

Bachelor of Engineering – Electronics and Communication Engineering (ECE) 08/2019 – 04/2023

[KPR Institute of Engineering and Technology](#) | [Coimbatore, India](#)
